Online & Classroom Delivery 2022

CIF Learning & Development plans to continue to deliver our full range of accredited programs via Zoom as a member service due to the positive feedback we have received due to time and money saved in delegates no longer needing to travel. This also ensures the safety of all our delegates while continuing to support the key learning needs of the CIF members and our wider client base within the industry.

CIF Learning & Development recognise the need for the return to classroom delivery of our program content, to this end we plan to offer an initial classroom delivery schedule in May & June of 2022 to establish demand for the classroom-based training. Further classroom dates will be offered from September to December 2022 and will be announced in the Construction Magazine, the quarterly CIF Training Courses brochure and via our website www.ciftraining.ie.

May & June Classroom Schedule

CIF Learning & Development plan to offer the following program in May & June.

CIF Management & Inspection of Scaffolding Program 1 Day	8th. June 2022	09.00am to 5.00pm
CIF City & Guilds Assured Project Supervisor Construction Stage Program 3 Day	Tuesday 31st. May 7th. June & 14th. June 2022	09.00am to 5.00pm
CIF City & Guilds Assured Site Safety Supervisor Program 2 Day	30th. & 31st. May 2022	09.00am to 5.00pm

Important note:

For those of you who currently hold the CIF IOSH Managing Safely in Construction (MSIC) course, there is no need to redo the new course as the content for CIF IOSH Safety for Construction Managers Program (SCMP) is largely in line with previous program and the current IOSH MSIC Certificates still stands as a recognised qualification. Please ensure those of you that hold CIF cards undertake the renewal every three years which is now only available online see information below. Should you have any enquiries please contact Robert Butler Head of Learning & Development / Human Resources & Facilities on 01- 4066 071 / rbutler@cif.ie

Renewal of the CIF IOSH Managing Safely in Construction (MSIC) course now (SCMP) If you have already completed the CIF IOSH Managing Safely in Construction (MSIC) now CIF IOSH Safety for Construction Manager Program, you must undertake the online renewal every three years via the link below.
