

# CIF TRAINING COURSES 2022

October – December 2022  
CIF Virtual Classroom

ASSURED

[www.ciftraining.ie](http://www.ciftraining.ie)

## Online & Classroom Delivery 2022

CIF Learning & Development plans to continue to deliver our full range of accredited programs via Zoom as a member service due to the positive feedback we have received due to time and money saved in delegates no longer needing to travel. This also ensure the safety of all our delegates while continuing to support the key learning needs of the CIF members and our wider client base within the industry.

CIF Learning & Development have seen an increased demand for online training program content, and it is our strategy for the rest of 2022 to continue to offer all of our program content online. We also recognise the need for the return to classroom environment for delivery of our program content, to this end we plan to offer based upon demand inhouse and classroom-based delivery upon request.

### Important note:

For those of you who currently hold the CIF IOSH Managing Safely in Construction (MSIC) course, there is no need to redo the new course as the content for CIF IOSH Safety for Construction Managers Program (SCMP) is largely in line with previous program and the current IOSH MSIC Certificates still stands as a recognised qualification. Please ensure those of you that hold CIF cards undertake the renewal every three year which is now only available online see information below.

### Renewal of the CIF IOSH Managing Safely in Construction (MSIC) course now (SCMP)

If you have already completed the CIF IOSH Managing Safely in Construction (MSIC) now CIF IOSH Safety for Construction Manager Program (SCMP), you must undertake the online renewal every three years via the link below.

Course link:

<https://ciftraining.ie/product/online-construction-course-core-safety-management-renewal/>

### Renewal of the CIF City & Guilds Assured Site Safety Supervisor Program

If you have already completed the CIF City & Guilds Site Safety Supervisor program, you must undertake the online renewal every three years via the link below.

Course link:

<https://ciftraining.ie/product/cif-site-safety-supervisor-renewal-program/>

### Renewal of the CIF City & Guilds Assured Appointed Person (Lifting Operations) Program

If you have already completed the CIF City & Guilds Appointed Person program, you must undertake the online renewal every three years via the link below.

Course link:

<https://ciftraining.ie/product/cif-appointed-person-lifting-operations-renewal/>

Should you have any enquiries please contact Robert Butler Head of Learning & Development / Human Resources & Facilities on 01- 4066 071 / [rbutler@cif.ie](mailto:rbutler@cif.ie)
